

# Wanted:

Information about the brutal murder of Janice Shore. December 2012 Janice was brutally beaten into a coma from which she never regained consciousnesses. Two months later she died in the hospital.

Giving drugs to the homeless for free then beating the life out of them afterwards for payment is predatory. Caving in Janice's skull with a hammer was barbaric. Janice was quiet, polite and soft spoken. An easy target for these predatory thugs. If you have any information about who killed Janice Shore
